 LUNCHTIME

It's time to lace up those trainers and represent your house in our Cross Country Challenge happening over lunchtimes next week! Whether you're a speedster aiming for the top or just fancy earning points by getting involved, every runner counts!

How it works:

- Points for finishing positions.
- Extra points for the number of runners from each house – the more, the better! This is your chance to make a big difference by getting your friends involved and showing your house

House Captains, head to the PE office and collect your team sheet – we need every runner!
