

The Super Curriculum complements the Avanti Grange taught curriculum. Super Curriculum activities take topics of study in the classroom further, allowing students to explore areas of interest in greater depth, and point students to additional topics of interest beyond the taught curriculum.

Super Curriculum activities can take a wide variety of forms. Students are free to choose the activity that most interests them. Participating in Super Curriculum activities will help students to broaden their horizons, nurture their love of learning, open their eyes to the world through different disciplines, and build their wider knowledge and cultural capital.

	Research		Plan/design/write		Research
	<p>Research a range of creation stories from around the world (at least 4). Once you have done some research, create a poster that illustrates the myths and compares similarities and differences between them. Use the resource below to help you get started with your research.</p> <p><b>Resources/link:</b> <a href="https://inthebeginning.world/">https://inthebeginning.world/</a></p>	<p>Write an imagined script for a debate between different philosophers you have studied about how we know what we do about the world (think Plato vs Aristotle / rationalism and empiricism)!</p> <p>Show each philosopher’s viewpoint and how they would respond to each other. How will you bring the debate to a conclusion?</p>		<p>Research different Jewish festivals and how people celebrate around the world.</p> <p>Present your research as a poster. Use the resources below to help you get started with your research.</p> <p><b>Resources/link:</b> <a href="https://www.bbc.co.uk/bitesize/guides/zbm8jty/revision/9">https://www.bbc.co.uk/bitesize/guides/zbm8jty/revision/9</a> <a href="https://www.bbc.co.uk/bitesize/guides/z49f8xs/revision/1">https://www.bbc.co.uk/bitesize/guides/z49f8xs/revision/1</a></p>
